**Subject:** Grenada Site updates  
**Attachments:** Memo to workers at Grenada Stamping 4\_16\_2018.pdf; Superfund Workshop Flyer Save the Date 4\_28\_2018.pdf

Good afternoon,

Attached please find an EPA memo with an update on the treatment system at the Grenada Stamping facility. Sampling from January and March 2018 shows the system is effectively reducing the indoor air concentrations of TCE in the manufacturing building to below risk-based levels.

I've also attached a flyer announcing the upcoming Superfund Workshop scheduled for Saturday April 28<sup>th</sup> at 9:00 AM until 12:00 PM. The workshop will be held at the Lewis Johnson Senior Citizen Complex in Grenada. The purpose of the workshop is to provide to the community information pertaining to the Superfund process and opportunities for community involvement and technical assistance. We would appreciate it if you can help spread the word.

Please contact me if you have any questions, and thank you for forwarding to any interested officials or other stakeholders.

Cordially,

Davina Marraccini
